

March 2, 2011

Dear Parents/Guardians,

My philosophy of teaching is that failure is not an option and that all students must complete all work. Please look at the attached progress report of your child's performance in biology class.

Any student missing any work will be required to attend after school homework sessions until all work is completed for the class. These sessions will begin Tuesday, March 8 until 4:30 p.m. The sessions will be every Tuesday until all work is completed. Missing work will receive full credit when completed successfully.

All my students are wonderful kids and I truly enjoy teaching them. I expect all students to work to their full potential. If your child has all his/her work completed, but would like to come in for extra help, they are welcome any time with advance notice.

The attached progress report signed is worth a homework grade. I appreciate your support.

Sincerely,

Dawn Ross
Biology Teacher
Warren Mott High School
